Fayette Bakers and Methodists Wage Close Battle in Game at "Y"; Two Extra Periods Played

Moore, of Church Five, Scores Winning Point As Time , Is Up.

OTHER NEWS OF SPORTS

The closest game yet staged in the City League at the Y. M. C. A. was fought out last night between the Methodists and Fayette Bakers. The final score, after two extra periods of play, was 35-31 for the church team. The Battimore & Ohlo Clorks had a "soft" time with the Baptists.

The end of the regular period of play between the Methodist-Baker fives found the score tied at 30-30. An extra five minutes was declared necessary and during the time the score was run to 33-33. Just as the timer was preparing to blow his whistle Referee Wall culied/a foul on the church team. Adams missed it and the score remained tied. The second murphy is not the score femalined tied. The second murphy is not the Scottale-III Norwin-25 Murphy Levutte and Many and Many and Maloy cach caging one. The Mill Town squad did some close granding, allowing Norwin only four goals from the floor, three of which were eaged by Naylor. Naylor kept has team aload, however, by life four shooting. The line-up:

The second extra period was begun immediately and the Bakers again crawled into the and the Bakers again crawled into the game lead. It looked as though the game would end 34-33 for the dough-knowders. Moore, a new member of the church outlit, grabbed the ball in the linal seconds and buried it towards the basket. As it fell through the netting the whistle ending the contest sounded.

FORDS RUN 34 MILES ON GALLON GASOLINE

Start Easy in Coldest Weather-Other Cars Show Proportionate Saving.

A new carbureter which cuts down a soline consumption of any motor nd reduces gasoline bills from onethird to one-half is the proud achieve-went of the Air-Friction Carburctor Co., 385 Madison street, Dayton, Ohio. Tals remarkable invention not only mercases the power of motors from 34 to 50 per cent, but embles every one to run slow on high gear. It also nrake; it easy to start a Ford or any other ear in the coldest weather. You can use the very cheapest grade of gasoline or half gasoline and half kerosene and sailt get more power and more willeage than you now get from the highest test gasoline. All Ford swaces can get as high as 34 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carboretor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone all readers of this paper who want to try it should send their name, address and make of car to the manu-facturers at once. They also want ocal agents, to whom they offer exceptionally large profits. Write them oday.--Advortisement,

Now for this climax in value giving—

Semi-Annual Remnant Days

Thursday, Friday, Saturday—this week

THE good wives of Connellsville and its vicinity know this occasion of old-they know how on these three days, our Price Cutter comes forth to slash a price here and slice one there until you have a veritable Mid-Winter Carnival of Bargains.

But Remnant Days this year have a wider significance than the mere thought of saving money. The more of these goods we are able to move from our shelves the greater will be our replacement orders and the greater our replacement orders the more men will manufacturers be able to employ this Spring.

Consequently, by taking advantage of these values you not only benefit yourself directly but indirectly create jobs for workers throughout the country. And the more men there are at work throughout the land the more active will the Connellsville region's coal, coke and railroad activities immediately become.

We've earnestly tried to do our bit in making it easy to buy. Prices are materially lessened - even when you compare them with Jannary Clearance levels.

By working together these three days-Thursday, Friday and Saturday this week-we can do a lot toward hastening the return of a sound national prosperity.

For Better Homes and Other Buildings

IN TITALA ANTAN ANTA

We are particularly well equipped to furnish material in oak, chestnut, wainut, cherry, poplar and basswood, lumber suitable for staircases and interior finish and commonly called trim, for we have the only dry kiln in the city and have it chock full of the above lumber of the very best grades. Because we have such a good supply of the very best lumber in course of drying and because we have the best mill in town and because we have workmen who know how to operate the mill-who know how to get out a staircase and all other fine work that goes into a housewhy send away from your own town to get what you can get right at home and at the same time get it better, more promptly and have it delivered right on the job? If you don't believe it, try it, for we have helped out many a person who sent away and got stuck, who either could not get the material on time or could not get it at all. We invite a trial.
